ARCTICSTORE

MAXIMUM USER BENEFITS

Designed and built with the user, reliability, performance and running costs in focus; ArcticStore bring a new dimension to the temperature controlled, portable cold storage market.

For customers who do not need 3 or more pallet wide cold stores, ArcticStore deliver an extremely cost efficient alternative to all other products available in the market! If you require 3 or more pallets wide please ask about our SuperStore models.

Standard features:

- High insulation value
- Flat anti-slip aluminum door
- Easy, 1 hand opening door with inbuilt lock
- 220V LED fluorescent internal lights
- Sliding strip curtain
- Internal door opening
- Emergency alarm
- Modern power efficient machinery

- -40°C to over 60° C range (subject to model)
- Maximum air temperature fluctuation 0.5°C from set point after pull down (most models)
- Hygienic stainless steel interior panels/aluminum door
- Robust MGSS stainless steel exterior
- Internal fork truck/motorized pallet lifter use permitted
- Ramps for easy access
- 380/440V 3 phase heavy duty cable with 5 pin/32A CE plug
- Foundations or even ground is NOT required.
- Self-bearing on the 4 corners

Optional features

- Remote monitoring
- Loading bay height
- External lighting at door
- Shelving, meat rails and other inventory
- If you are short of space ArcticStore can be stacked on top of each other

SLIDING STRIP CURTAIN – ANTI SLIP FLOOR – PERSON TRAPPED ALARM AND MUCH MORE...

Financial advantages

- High insulation values reduce the machinery's need to work.
- Low lorry mounted crane delivery and collection costs.
- Prompt nationwide availability.

Additional advantages on many units

- Economy mode for chilled storage temperatures saving even more power
- Machinery incorporates the latest technology/software to minimize power consumption
- Flush fitting machines with no loss of internal capacity
- Self diagnostic machinery
- Fully opening double doors

ArcticStore does the job - and simply put - does it better, as the ArcticStore is much less expensive than most alternative products available in the market. The power saving gives

you a real economic benefit every day, almost no downtime or need for call outs, time savings on staff and an almost perfect environment for your products and goods are all additional advantages.

Ask about SuperStore if you want 3 or more pallet wide storage facilities. Looking for -60°C storage? Enquire about our new UltraFreezers!

Environmental issues

The containers are manufactured in accordance with the latest guidelines and legislation with regards to CFC's. All refrigeration machines are new technology with low power consumption ensuring the lowest possible operating costs. To the best of our knowledge all our containers/portable cold stores are manufactured using ethical practices and control

ArcticStore	External			Internal			
	Length	Width	Height	Length	Width	Load height	Volume
10ft	3.000 mm	2.450 mm	2.620 mm	2.360mm	2.292 mm	2.230 mm	12.5 m³
20ft	6.058 mm	2.450 mm	2.620 mm	5.427mm	2.292 mm	2.230 mm	28.8 m³
40ft	12.193 mm	2.450 mm	2.620 / 2.900 mm	11.560mm	2.292 mm	2.230 / 2.530 mm	69.0 m³
